EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with R. Alan Burnett on 07 September 2004.

The application has been amended as follows: claims 19-22 has been cancelled in view of the following.

Election/Restrictions

In view of further examination and applicant's presented arguments, the examiner has found restriction requirement for claims 19-22 as being directed to handling a Platform Management Interrupt (PMI) event, as opposed to extending a System Management Mode (SMM) or extending a hidden execution and storage mode claimed in claims 1-18 and 23-30. During a telephone interview, the examiner has presented the oral restriction requirement, and applicant's representative, Mr. R. Alan Burnett, has elected the claims group of claims 1-18 and 23-30 for continued prosecution. Mr. Burnett further agreed to cancel the claims 19-22 in the present application.
